Title:

Shortening addresses crypto currencies to short and memorable values

Author Name:

Vladimir Ageev

ID Number:

1162

Address:

Moscow, Guriyanov str., 4/2, 133

Description:

Offer to use the cluster solution with a single entry point for data storage, correlated the actual wallet address with short and memorable names that chosen by wallets owners. These names can be as public, when anyone can find out actual wallet address on its name, and private, when just a valid wallet owner knows the actual wallet address.
