

# RESPONSE TO REQUEST FOR COMMENTS PROMOTION OF DISTANCE EDUCATION THROUGH DIGITAL TECHNOLOGIES

Please accept this response to your call for comments on December 23,1998 as found in the Federal Register, Volume .63, No. 246, Docket No. 98-12A

## 1. *Use of Technology*

In delivery of instruction to students using the WEB: Classrooms can be ID and Password protected. We are currently doing this for online students for the reason of privacy. (Only students enrolled have access to any information in that class). If needed we could also use CD's for graphics and video. Again only students enrolled would have access to CD's.
