Comment:

Small businesses such as mine, seem to be "copied" without any knowledge of my being the one who DID THE WORK. I am 76 years old, and have been all over this county copying cemeteries, etc. only to have the local people take it, since it is now easy to copy, and place it on the internet as their own. That is 26 years worth of my work, which has killed my business.

I have 15 BOOKS OUT ON ALLEN COUNTY,

KENTUCKY GENEALOGY. NOT MANY PEOPLE THOUGHT OF THIS BEFORE I MOVED HERE.

Now, since it is in print and easy access, it belongs to them. KILLED MY BUSINESS, and I don't appreciate it. I did this to try to help people, not to be "done in".
