Well, it all started about six years ago. I played one of my favorite video games -ever- on the SNES game console. It was called Xardion, and had lots of potential for a franchise. Unfortunately, the company that produced Xardion was too poor for any kind of advertising, so the game never really took off. Unfortunately, some time later, Asmik went bankrupt. An idea hit me last month... I wanted to bring back Xardion some day, but had no idea how to get the copyrights from Asmik. I think that would qualify this as an Orphan Work. If you can help at all, I'd love to hear from you. Please contact me via e-mail, rather than mail or phone.
