

Here goes, for what its worth.

Someone presented at orphans 2 and made the comment she saw no problem with borrowing if there was no conflict with profit. Makes sense.

Someone else presented at some other film thing, and I believe what she was trying to say was "you can't think about the money when discussing these things" yeah, RIGHT, tell that to NASA (or do I mean NARA?)

However, if it were up to me, I'd say "When in doubt, steal it."
and, as Mayor Bloomberg put so eloquently, "IF you come to my town and do the crime, you are going to have to do the time."
